Xerox History Timeline Of The 1990's: Environmental Attention

Xerox Palo Alto Research Center 1970-1980 This wonderful book is a collection of papers representing the key research of the first decade of Xerox PARC. This was given to DigiBarn curator Bruce Damer by John Seely Brown (then director of PARC) on a visit to PARC in 1989 when he was working with Xerox through Elixir Technologies Corp.

DigiBarn Books: Xerox Parc 1970-80

The software award goes to Xerox Corp.'s Xerox Research Centre Europe for a prototype customer-support system that uses three-dimensional virtual-reality imaging to connect customers with live help-desk assistance directly from a broken printer. With the technology, which isn't yet on the market, a customer can press a "help" button on the printer that launches an Internet phone call to the help desk. At the same time, it loads and displays a 3-D model of the device on both the customer's ...

Xerox History Timeline 2010 : ACS Becomes A Xerox Company

Xerox est une entreprise américaine, basée dans le Connecticut, principalement reconnue comme étant l'inventeur du photocopieur xérographique (sur papier ordinaire) et le premier fabricant d'imprimantes. Son laboratoire, le PARC (acronyme de Palo Alto Research Center), inventa les interfaces à fenêtres.
