The two books of George Fitzhugh (Sociology for the South, 1854, and Cannibals All!, 1857) are powerful defences of slavery on humanitarian grounds. He points to the hideous condition of the "free" industrial laborers in the North and contrasts their insecure, miserable state with Three of the most famous books on slavery ever written are here edited by Professor Harvey Wish.

During the antebellum years, wealthy southern planters formed an elite master class that wielded most of the economic and political power of the region. They created their own standards of gentility and honor, defining ideals of southern white manhood and womanhood and shaping the culture of the South. To defend the system of forced labor on which their economic survival and genteel lifestyles depended, elite southerners developed several proslavery arguments that they levied at those who ...
