Australians - A Historical Atlas | Academy of the Social ...

Étymologie. Le nom Australie provient du latin australis (austral). Au II e siècle, des scientifiques avaient émis l'hypothèse d'un continent inconnu au sud (la Terra Australis Incognita) qui permettrait à la Terre, de ne pas basculer autour de son axe en faisant office de contrepoids face aux continents de l'hémisphère nord.La première utilisation du mot Australia (et non plus ...

Australie : définition de Australie et synonymes de ...

Australians, colloquially referred to as "Aussies", are people associated with the country of Australia, usually holding Australian citizenship. Between 1788 and the Second World War, the vast majority of settlers and immigrants came from the British Isles, although there was significant immigration from China and Germany during the 19th century. Many early British settlements were penal colonies to house transported convicts. Immigration of "free settlers" increased exponentially from the 1850s

Famous Australians - Aussie Educator

English Australians, also known as Australians of English descent or Anglo-Australians, are Australians whose ancestry originates wholly or partly in England. In the most recent 2016 census, 7.8 million or 36.1% of respondents identified as "English" or a combination including English and is the largest 'ancestry' self-identity in the Australian census. English Australians have more often come from the South than the North of England. People of ethnic English origin and immigrants ...

English Australians - Wikipedia

The continuing significance of this phrase in Australian society is evidenced by the fact that a recent Federal Government booklet Life in Australia (2007), aimed at new migrants, explains what is meant by a fair go in Australia: ‘Australians value equality of opportunity and what is often called a “fair go”. This means that what someone ...

History of Australia - Nations Online Project

History. The name Australia has been applied to two continents. Originally, it was applied to the south polar continent, or sixth continent, now known as Antarctica.The name is a shortened form of Terra Australis which was one of the names given to the imagined (but undiscovered) land mass that was thought to surround the south pole. The earliest known use of the name Australia in Latin was in ...
