Get this from a library! Essentials of forensic anthropology, especially as developed in the United States. [T D Stewart]

Essentials of forensic anthropology, especially as ...

The three sections of this book tell precisely what a forensic anthropologist contributes to the investigation of death and how he or she reconstructs the biological nature of an individual from a skeleton. The first section, Preliminary Considerations, includes chapters on history, the role of the expert witness, handling skeletal remains, human and animal remains, burned bones, and judging time and cause of death. General Skeletal Traits presents data on attribution of sex and ...
