### **Handbook Of Fiber Finish Technology**

Handbook of Fiber Finish Technology: Author: Philip E. Slade: Edition: illustrated: Publisher: CRC Press, 1997: ISBN: 0824700481, 9780824700485: Length: 534 pages: Subjects

### **Handbook of Fiber Finish Technology - Philip E. Slade ...**

The book covers fundamentals of fibre finish science, such as theories of friction; laboratory testing of formulations, from preliminary component evaluation to analyses for material characterization; and the influence of wetting, emulsification and finish distribution on coatings.

### **Handbook of Fiber Finish Technology | Taylor & Francis Group**

Handbook of Fiber Finishing Technology Philip E. Slade Gathering hard-to-obtain data from different fiber and fabric manufacturers and suppliers into a single, convenient volume, this practical handbook supplies detailed information on hundreds of textile finish components; including their structural formulae, physical properties, CAS numbers, and effects on various fibers.

### **Handbook of Fiber Finishing Technology | Philip E. Slade ...**

"The appearance of this authoritative and comprehensive handbook shows how far our understanding of fibre finish technology has progressed. This handbook will be greatly welcomed chemical formulators and by all those who process textile materials. It reviews the scientific understanding of the role of fibre finishes, and provides much useful information on the physical and chemical properties of the components used, and their effects upon fibres and yarns."
