Meaning-based Translation: A Guide to Cross-language ...

This textbook has been designed to emphasize the differences between languages and how this affects the translation of a text from one language into another. It is based upon the principle that the translator must first know the meaning of the source text before he can translate it into the receptor language. Meaning is presented as a structure which stands behind any text. Meaning-based ...

Formats and Editions of Meaning-based translation : a ...

The meaning-based translation is the one which is known as the idiomatic translation - the meaning of the source text is expressed in the natural form of the target language. [Translations fall on a continuum from very literal to literal, to modified literal, to near idiomatic, to idiomatic, and may even move on to unduly free.]The goal of a good translator is to translate idiomatically, by means of making many adjustments in the forms.

SOME THEORIES ON TRANSLATION (A Summary)

Larson's Meaning-based Translation is a good place to start. Focusing on the most important aspect of translation - accurately getting the meaning of a text from one language into another - by focusing on the challenges of idiomatic translation. Her approach is practical and largely free of highly technical or abstract jargon; a bonus for the translator less interested in theory or semantics ...
