The Metamorphosis occupational illness of commercial travelers, of that he had not the slightest doubt. It was very easy to throw aside the blanket. He needed only to push himself up a little, and it fell by itself. But to continue was difficult, particularly because he was so un-usually wide. He needed arms and hands to push himself upright. Instead of these, however, he had only many small ...

Painter Salvador Dali's 1937 "Metamorphosis of Narcissus" is an outstanding example of art shape-shifting. A color reproduction of this painting is found at the British art site, TATE. Narcissus was a shallow, vain and callow young man who was punished by the gods for his selfishness. Dali's painting reflects Narcissus as he was and what he became when the gods relented. Dali was fascinated by the double images of hallucination and delusion, which are clearly reflected in this piece.
