Territories Boundaries And Consciousness The Changing Geographies Of The Finnish Russian Border

[Territories Boundaries And Consciousness The](#)

Territories Boundaries And Consciousness The

Territories, Boundaries and Consciousness is the first geographical analysis of how this critical border evolved. This original and well-illustrated book is much more than a local study. It presents both a theoretically informed analysis of the construction of territories and their boundaries and a richly detailed geohistory of the changing geography of Finland. It traces the nature of the nation-building process, the rise of the nation state and the changing position of this emerging new ...

Studies in Political Geography: Territories, Boundaries ...

but can change consciousness and culture in the process. In systematic fashion, Lorne Dawson discusses the promises and perils of the new public space opened by the Internet. He cautions that the overall impact is hard to see clearly, not only because the domain is relatively new and so fast-changing, but also because hard data is still missing "...about such crucial issues as the ...

PUBLIC SPACE-BUILDING IN RELIGION : A MULTIDIMENSIONAL ...

Rather than boundaries being the distinction between place and space, or land or terrain and territory, boundaries are a second-order problem founded upon a particular sense of calculation and concomitant grasp of space. Territory then can be understood as a political technology: it comprises techniques for measuring land and controlling terrain, and measure and control — the technical and ...

Land, terrain, territory - Stuart Elden, 2010

23 Anssi Paasi, 1996, Territories, Boundaries and Consciousness - The Changing Geographies of the Finn 23 Témoins à la fois d'une territorialité interne et d'une construction géographique de la « mêmété » et de l'altérité, les frontières sont devenues un sujet important dans l'étude des identités en géographie 22 .
