[The Internationalization Of Television In](#)

The Internationalization Of Television In

Traditionally, television has been analysed as a national domestic medium. However, technological, political and regulatory developments in the last two decades have introduced a complexity of new forces which are transforming the medium into an international one. Such forces as supra-national regulatory activity, the international trade in television and the development of transfrontier television are creating new alliances and practices among politicians, broadcasters and media ...

In each of them, internationalization manifests itself in different ways. For example, Saudis often go abroad as part of academic mobility programs. At the same time, many students from other countries come to Saudi Arabia to study the basics of Islam at local universities. Thus, within the framework of internationalization, there are both import and export of education. The UAE and Qatar are ...
