### Risk Assessment | Total Facilities Management | Worcester

What is Total Facilities Management? Facilities Management (FM) is a term used to cover the vast range of services delivered to a customer's building or estate (multiple buildings either on a single site or across a region or the UK). Facilities Management

(FM) covers a large variety of services delivered to a building or estate with services ranging from; building maintenance, electrical inspections, cleaning, reception, pest control, security, waste management and much more.

### ESPO - The benefits of Total Facilities Management

Taking on Total Facilities Management (TFM) helped us streamline our operations, tighten budgets and provide a better solution in the overall management of our PPM facilities services. They are easy to work with in partnership and provide continual useful advice.

### Total Facilities Management offer a single point of ...

### What is a Total Facilities Management Solution? - Blog ...

By choosing a Total Facilities Management solution and provider you are placing all responsibility and the risks associated with service provision within the hands of one company and one contact. This all sounds simple and foolproof, but the reality is dependent on how those individual services are managed. If the FM services continue to be delivered in operational silos there will be little ...
